Experience

○ Aug, 2025-sep, 2025

<https://bppimt-quiz.vercel.app>

Personal Project – bppimt_quiz

Developed an interactive quiz website for BPPIMT to assess students' knowledge through multiple-choice questions. Implemented dynamic question rendering, real-time score calculation, and user-friendly navigation. Designed a responsive UI to ensure smooth performance across devices and focused on clean code structure for scalability.

sep, 2025-jan, 2026

<https://gps-tracker-umber.vercel.app>

Personal Project – Where is My Bus

○ Developed "Where Is My Bus", a full-stack web application that provides real-time bus tracking, intelligent route planning, and seamless ticket booking. Implemented live location updates using Google Maps API and Socket.io, secure authentication with JWT and Auth0, and online payments via Razorpay. Optimized backend performance using Redis caching and MongoDB for scalable data management.
